<p>There have been several reports of bullying where children with SEND have been targeted by a very small number of pupils. Most of the pupils demonstrating bullying behaviour also have SEND. This has been reduced by putting in support for these pupils during unstructured times, but we want to move to coaching the pupils so that they interact appropriately with all pupils without support.</p>	<p>To ensure pupils understand why SEND bullying is wrong. The perpetrator will be appropriately sanctioned and both the perpetrators and victims will be supported.</p>	<p>To improve teaching around prejudice and bullying, with SEND specifically being addressed – this will be done via assembly in the Autumn term and through R time in the classroom.</p> <p>To improve the resources we have in school to provide a programme of support for pupils who bully by Dec 2023.</p>	<p>The headteacher, welfare support and PSHE lead.</p>	<p>The number of prejudice-related incidents of SEND bullying will decrease significantly.</p>	<p>To be reviewed in the Spring and Summer terms.</p>
